## BIJEENKOMSTEN

3 to 6 May 2017

**SATSANG & INTENSIVE:**

A portrait of Isaac Shapiro, a middle-aged man with grey hair and a beard, smiling. He is wearing a dark blue t-shirt. The background is a blurred outdoor scene with green and yellow foliage. The name "Isaac Shapiro" is written in white text across the bottom of the image.

Isaac Shapiro

Isaac invites you to realise the Truth of who you REALLY are – **Pure, Being, Consciousness** – and have always been, and to explore how to embody that in everyday life.

The opportunity to participate in a field of CONSCIOUS INQUIRY, generated by all the participants who have a common interest to live as **love**, is immense and **hugely beneficial**.

The only human drama and suffering: is not wanting the experience we are having IN THIS MOMENT!

This has many expressions. Noticing how our minds and nervous system makes these movements, AND LIVES OUT THESE AUTOMATIC PATTERNS, brings them to awareness. This **awareness** is always present and in THAT noticing, without any effort, what was unconscious becomes conscious.

Once these movements or patterns are conscious, they cannot fool or trouble us any longer. While these movements and patterns are lodged in the body-mind-nervous-system based on past and often early life experience, they

drive our thoughts, feelings, emotions, actions and reactions. Often totally automatically and unconsciously.

*"The beauty of this invitation is that nothing needs to be changed, fixed, or eliminated. It is a non-dualistic, nonjudgmental enquiry into our present being. Everything happens through the agency of awareness."*

~ **Isaac Shapiro**

The subtle invitation of Isaac is based on a deep understanding of the need for completion of (early) childhood development and (trauma) healing through **Somatic Experiencing**. These automatic reactions are invited to show up, to be **honoured** fully and in that honouring, to integrate.

Knowing that we are **pure consciousness** and **love** is beautiful but does not by itself solve or change the patterns of suffering that show up in our daily life.

---

This possibility of deep healing is the added value of sitting in Truth with Isaac Shapiro.

*All are welcome!*
